

HAPPY PLACE

Alessia Selini

This is for the moon and that's the only light
Among the blades of grass, inside the blanket of the sky

Do you know how far the moon is from here?
Seems so near, almost as we could touch it

**And you're here
You're near
You hold me
And that's all I, all I, all I need**

**I dream
You speak
Softly
And that's all I need tonight**

We could talk for hours about anything
Or instead we could be silent, listen to the crickets sing

Imagination can take you anywhere
But don't you fear, cause when you will come back

**I'll be here
So near
You hold me
And that's all I, all I, all I need**

**I dream
You speak
Softly
In my happy place tonight
In my happy place tonight
In my happy place tonight**

**And you're here
You're near
You hold me
And that's all I, all I, all I need**

**I dream
You speak
Softly
In my happy place tonight
And that's all I need tonight**

**I dream
You speak
Softly
In my happy place tonight**

There will always be a place for you, all right?
In my happy place
